

Enrich-o'Roll™

PORTION-CONTROLLED NESTING
& ENRICHMENT MATERIAL

COTTON-BASED NESTING + ENRICHMENT MATERIAL AIDS IN THERMOREGULATION AND DECREASES ANIMAL STRESS

PORTION CONTROLLED AND EASY TO DISPENSE

Ensures portion-controlled distribution of nesting and enrichment material, helping to keep per diem costs on track. Material may be transferable at cage change, providing habitat acclimation for animals and further reducing overall costs. With no pulling, tearing or prepping required, Enrich-o'Roll can be removed from packaging and immediately dispensed into cages.

ENHANCED CAGE ENVIRONMENT

Enrich-o'Roll provides the perfect environmental, physical and mental stimulant for rodents and burrowing animals.

PRODUCT PURITY

Enrich-o'Roll is made of 100% soft, purified, medical-grade cotton wrapped in nonwoven fabric. The product also meets bioburden tolerance levels.

BRIGHT WHITE

The bright white color aids in post-operative or toxicology observations.

THE PERFECT COMPLEMENTARY NESTING MATERIAL

Enrich-o'Roll can be used alone or paired with other materials - like our Bed-r'Nest nesting and enrichment material and Enrich-o'Cobs bedding - to increase nest complexity and thermoregulation.

PRODUCT SPECIFICATIONS AND PACKAGING

Material	Cotton
Product length	6 inches
Rolls per case	2400 (12 bags x 200 rolls/bag)
Case weight	10 pounds

PROVIDING A COMPLETE LINE OF BEDDING, NESTING AND ENRICHMENT PRODUCTS
